PROFILE SUMMARY

I'm Wajiha Khan, a recent graduate in BSSE, and a passionate UI/UX Designer and Front-End Developer skilled in HTML, CSS, and JavaScript. With a strong foundation in user-centered design and dynamic app development, backend development. I thrive on contributing to impactful digital projects and continuously seek hands-on experiences to deepen my practical knowledge, ensuring quality and innovation in every solution I create.

EDUCATION

SZABIST UNIVERSITY HYDERABAD

2020 - 2024

- Bs (Software Engineering)
- CGPA : 3.42

Taz School and College

2019- 2020

- Higher Secondary Certificate (Intermediate), Pre (Engineering)
- Grade : 81.45%

Air Foundation School System

2017 - 2018

- Secondary School Certificate (Matric), Biology
- Grade : 74.82%

PROFESSIONAL EXPERIENCE

Confiniti Lab Fellowship, Lahore

Front-End Developer Intern

August - October 2024

- Built responsive and dynamic websites using HTML, CSS, JavaScript, and React.js.
- Worked closely with cross-functional teams to enhance UI/UX features, and with basic Api integration ensuring a seamless user experience and robust interactions.

PixxelHouse, Hyderabad

UI/UX Design Intern

June - August 2024

- Created mockups, wireframes, and prototypes in Figma for web and mobile applications.
- Developed user-centered interfaces for dashboards, finance management apps, and service websites, enhancing usability and visual appeal.

PixxelHouse, Hyderabad

Web Development Intern

June - SEPT 2023

- Collaborated with the design team to enhance UI/UX elements.
- Contributed to the testing and debugging of websites.
- Optimized web functionalities to improve user experience.

PROJECTS

PHP CRUD Application

- Developed a login form and implemented CRUD operations (Create, Read, Update, Delete) with PHP and MySQL for dynamic data management.
- Created a dynamic list view to display and manage records with options for edit and delete, using XAMPP for local testing.

URL QR Code Generator & Shortener (Bitly Clone)

- Designed and developed a URL QR code generator and link shortener application using React and Vite to allow users to manage QR codes easily.

UI/UX Design Projects

- University Dashboard: Designed a streamlined dashboard interface to support student, teacher, and admin views for attendance, performance tracking, and report generation.
- Finance Management App: Created an intuitive finance app prototype with features for tracking expenses, categorizing transactions, and generating reports, focusing on simplicity and visual clarity.

FINAL YEAR PROJECT

ClassChronicle revolutionizes class scheduling for students and teachers in educational institutions. It offers personalized class views for efficient organization of schedules. Timely reminders and notifications ensure users stay updated on class timings and changes. Real-time updates accommodate schedule adjustments seamlessly. Future plans include integration of exam dates and further customization options. Data security measures and user feedback mechanisms prioritize a seamless experience.

SKILL

Technical Skills

- Microsoft Word Proficiency
- UI/UX Design: Mockups, wireframing, prototyping, user journeys, Figma
- Front-End Development: HTML, CSS, JavaScript, (Basic) React.js
- Back-End Development : PHP, Firebase, MySQL (Database)
- Testing Knowledge: Understanding and practical knowledge of basic and agile testing methodologies

Soft Skills

- Strong organizational and time-management skills
- Effective communication, teamwork, and problem-solving abilities

CERTIFICATION

Confiniti Lab Fellowship

- Front-End Development Internship Certification October 2024

PixxelHouse

- UI/UX Design Internship Certification August 2024
